You will find various trails to get to the hut.

A From Kandersteg, with the gondola to the Lake Oeschinen. The trail is one of the most spectacular routes in the region. 3 hours from the lake. It is important that you are by good condition. Sometimes the trail is exposed. There are some steel cables along the way to hold on them.

B From Kiental and Blüemlisalphütte SAC. If you like hiking, you can arrive in two days. First day you get up to the Blüemlisalp-Hütte SAC. Next day; first you descend to the nice alp „underbergli“, after them you follow a small foot path crossing the „untere Fründenschnur“, an airy really exposed path! Later you arrive to the ordinary way to the Fründenhut.
